SUMMARY

Highly enthusiastic and motivated Third-year Computer Science student with a strong foundation in programming, problem-solving, technical design, and collaborating in team-oriented environments and further keen Interested for continuous learning in Web Development, Cyber Security and Artificial intelligence for future development. Eager to apply theoretical knowledge in practical environments and contribute to innovative technology solutions. Seeking internship opportunities to further enhance skills and gain real-world experience, while continuing to grow professionally and make meaningful contributions.

EDUCATION

Bachelor of Computer Science with Honours
Saegis Campus

Nov 2023 - Nov 2027
Expected Graduation, Nov 2027

High School
T/Kinniya Central Collage

Jun 2019 - Nov 2021

SKILLS

- **Programming Languages:** Python (Intermediate), Java (Basic), JavaScript (Basic), HTML(Advanced), CSS (Intermediate), PHP (Intermediate)
- **Operating Systems & Tools:** Windows (Advanced), macOS (Intermediate), Linux (Intermediate)
- **Databases:** MySQL (Intermediate), MongoDB (Basic)
- **Software's & IDEs:** Visual Studio Code (Intermediate), Visual Studio (Intermediate), Eclipse (Basic), Apache NetBeans (Basic), Git (Intermediate), GitHub (Intermediate), Pycharm(Intermediate), Android Studio(Basic)
- **Technical skills:** Excel(Advanced), Word(Advanced), PowerPoint(Advanced), Canva(Advanced), Figma(intermediate), Webflow(intermediate)

EXPERTISE

- Teamwork
- Leadership
- problem solving
- Communication
- Time management

PROJECTS

- **Educational Empowerment System** [Github URL](#)

Educational Empowerment System developed for schools or small institutes. You can use this to maintain record's related to students, teachers, and other.

Technology Used - PHP (8.1), MySQL database, Bootstrap 5, JQuery, JavaScript, HTML, CSS
(Assist in front-end using HTML and PHP)

- **Client-Manager System** [Github URL](#)

Developed a Client managing system that check the client status about the projects and contracts.

Technology Used - Html, CSS, Python and SQL

CERTIFICATIONS

- Certificate in Ethical Hacking - MARSTECH
- Creating Compelling Reports - CISCO
- Introduction To Cyber Security - CISCO
- Frontend Developer (Basic) - HackerRank
- Go (Basic) - HackerRank

LANGUAGES

- Tamil - Native
- English - conversational
- Sinhala - basic
